

If you can dream it, we can build it.

VEKA VINYL PRODUCTS

Single Hung / Single Slider

The Veka Series Single Hung and Single Slide window system is manufactured exclusively by Stergis. The program easily provides an R5 and beyond window rating. This allows optimum performance and versatility not found before in residential window applications.

Features

- Affordable, high performance window system
- Elegant, beveled exterior frame design
- Fully welded, sloped sill enhances overall visual appeal
- Versatile design allows for accessory profiles for mulled units, interior and exterior trim packages
